The CDC is soliciting nominations for membership on the World Trade Center (WTC) Health Program Scientific/Technical Advisory Committee (STAC).

Title I of the James Zadroga 9/11 Health and Compensation Act of 2010, Pub. L. 111-347 (Jan. 2, 2011), amended by Pub. Section 3302(a) of the PHS Act established the WTC Health Program STAC. The STAC is governed by the provisions of the Federal Advisory Committee Act, as amended (Pub. L. 92-463, 5 U.S.C. App.), which sets forth standards for the formation and use of advisory committees in the Executive

Branch. PHS Act Section 3302(a)(1) establishes that the STAC will review scientific and medical evidence and make recommendations to the WTC Program Administrator on additional WTC Health Program eligibility criteria and on additional WTC-related health conditions. Section 3341(c) of the PHS Act requires the WTC Program Administrator to also consult with the STAC on research regarding certain health conditions related to the September 11, 2001 terrorist attacks. The STAC may also be consulted on other matters related to implementation and improvement of the WTC Health Program, as outlined in the PHS Act, at the discretion of the WTC Program Administrator.

In accordance with Section 3302(a)(2) of the PHS Act, the WTC Program Administrator will appoint the members of the committee, which must include at least:

- 1 physician with expertise in pulmonary medicine;
- 2 environmental medicine or environmental health specialists;
- 2 representatives of WTC responders;
- 2 representatives of certified-eligible WTC survivors;

- 1 industrial hygienist;
- 1 toxicologist;
- 1 epidemiologist; and

At this time the Administrator is seeking nominations for members fulfilling the following categories:

- Environmental medicine or environmental health specialist
- Occupational physician;

Additional members may be appointed at the discretion of the WTC Program Administrator.

A STAC member's term appointment may last 3 years. If a vacancy occurs, the WTC Program Administrator may appoint a new member who fulfills the same membership category as the predecessor. STAC members may be appointed to successive terms. The frequency of committee meetings shall be determined by the WTC Program Administrator based on

program needs. Meetings may occur up to four times a year. Members are paid the Special Government Employee rate of \$250 per day, and travel costs and per diem are included and based on the Federal Travel Regulations.

Any interested person or organization may self-nominate or nominate one or more qualified persons for membership.

Nominations must include the following information:

- The nominee's contact information and current occupation or position;
- The nominee's resume or curriculum vitae, including prior or current membership on other National Institute for Occupational Safety and Health (NIOSH), CDC, or HHS advisory committees or other relevant organizations, associations, and committees;
- The category of membership (environmental medicine or environmental health specialist, occupational physician, pulmonary physician, representative of WTC responders, or certified-eligible WTC survivor representative) that the candidate is qualified to represent;

- A summary of the background, experience, and qualifications that demonstrates the nominee's suitability for the nominated membership category;
- Articles or other documents the nominee has authored that indicate the nominee's knowledge and experience in relevant subject categories; and
- A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in STAC meetings, and has no known conflicts of interest that would preclude membership on the Committee.

STAC members will be selected upon the basis of their relevant experience and competence in their respective categorical fields. The information received through this nomination process, in addition to other relevant sources of information, will assist the WTC Program Administrator in appointing members to serve on the STAC. In selecting members, the WTC Program Administrator will consider individuals nominated in response to this Federal Register notice, as well as other qualified individuals.
